Aviva Investors Euro Liquidity Fund, Class 3, Income shares, EUR, a sub-fund of the Aviva Investors Liquidity Funds plc (ISIN: IE00B3CKRG34). The Fund is managed by Aviva Investors Luxembourg S.A.

OBJECTIVES AND INVESTMENT POLICY

The investment objective of the Sub-Fund is to offer returns in line with money market rates and preserve the value of the investment.

The Aviva Investors Euro Liquidity Fund is a Short-Term Variable Net Asset Value (VNAV) Money Market Fund. It will seek to invest in fixed and floating rate instruments including but not limited to commercial paper, term deposits, floating rate notes, certificates of deposit, freely transferable promissory notes, debentures, asset-backed securities and bonds, which are issued or guaranteed as to principal or interest by sovereign governments, their agencies and instrumentalities, supranational entities and EU and non-EU corporations and financial institutions. These can be issued from markets around the world but shall be priced in Euro. The fund will maintain a portfolio with a weighted average life maturity of 60 days or less. Investments will have a maximum final legal maturity of 397 days.

The Fund's investments will have an average weighted maturity of 60 days or less. The maximum residual maturity of investments until legal redemption will be 397 days. The Investment Manager intends to manage the Fund according to its classification as a Short Term Money Market Fund and the restrictions imposed by recognised rating agencies in order to maintain an overall credit rating of Aaa (the rating has been solicited by the Investment Manager). This implies, where possible, managing the Fund to ensure that investments have the minimum ratings required to seek to achieve this. This should ensure a very high degree of safety but will reduce income compared with higher risk investments. This Fund does not guarantee your money and is not the same as a deposit account. The Fund may also hold ancillary liquid assets such as bank deposits.

The Fund is managed and measured with reference to a benchmark, the 7-Day EUR LIBID rate. (The London Interbank Bid Rate (LIBID) is the rate at which banks are willing to borrow from other banks.)

You can buy and sell shares on any business day in London.

This is an income share class and any distributions from the Fund will be paid to you.
