Aviva Investors UK Listed Equity Income Fund, Class 1, Accumulation shares, GBP, a sub-fund of the Aviva Investors Investment Funds ICVC (ISIN: GB00B6R52478). The Fund is managed by Aviva Investors UK Fund Services Limited.

OBJECTIVES AND INVESTMENT POLICY

Objective: The Fund aims to deliver an income return of 110% of the income return of the FTSE® All Share Index (the "Index"), annualised, over 3-year rolling periods, whilst also aiming to grow your investment and provide an average annual net return greater than the Index over rolling 5-year periods by investing in shares of UK companies.

Core investment: At least 80% of the Fund will be invested in shares of UK companies (incorporated or domiciled in the UK), or non UK companies which are listed in the UK or which have significant trading activities in the UK.

Other investments: The Fund may also invest in other shares, other funds (including funds managed by Aviva Investors companies), cash and deposits.

Strategy: The Fund is actively managed, and the Investment Manager will adopt a high conviction approach (a strong belief), with a particular focus on "cash compounding" companies. These are typically mature companies which benefit from high barriers to entry given their competitive position in their industry, which we believe will offer good to high returns, and generate stable cash flows which will either be returned to investors as income or re-invested into the company to generate future dividends. The Investment Manager is also likely to invest in companies with a focus on the potential future cash flow growth they will generate, and their perceived ability to steadily grow their dividends, while showing what we believe to be financial strength and/or low levels of debt, with a strong management capability. In addition, the Investment Manager is likely to identify companies which are out of favour at a particular point in time, but where there is a specific opportunity for the company to increase their future cash flows, and therefore potentially increase their dividends in the future.

Environmental, Social and Governance (ESG) factors: ESG factors are integrated into the investment process and are considered alongside a range of financial metrics and research, but the Investment Manager retains discretion over which investments are selected. We also actively engage with companies and use voting rights with the aim of positively influencing company behaviour and helping to create competitive returns. In addition, the Fund has limited exclusions based on Aviva Investors' UK Responsible Investment policy. Further information on how we integrate ESG and the Aviva Investors UK Responsible Investment policy into our investment approach, and how we engage with companies is available on our website and in the prospectus.

Performance & Risk Measurement: The Fund's income return target is measured against the Index, before the deduction of charges and taxes. The Fund's overall performance is also measured against the Index, after charges and taxes.

The Fund does not base its investment process upon the Index, so will not hold

every company in the Index and may also hold companies that do not form part of it.

The Fund uses a "tracking error" to measure the consistency of the Fund's returns and the returns of the Index. In general, the lower the tracking error, the more consistent the Fund's returns are relative to the Index, and vice-versa. The Fund is expected to have an average yearly tracking error of between 2% and 6% when compared to the Index. In certain conditions the Fund may be outside of this range.

The Index represents the performance of all eligible companies listed on the London Stock Exchange, and 98% of the UK's market capitalisation (total market value of a company's outstanding shares).

The Index has been selected as a benchmark for the income target and for performance and risk measurement because it is representative of the type of companies in which the Fund is likely to invest, and it is therefore an appropriate measure for the Fund's performance.

Note: FTSE® is a trade mark of the London Stock Exchange Group companies and is used by FTSE under licence. All rights in any FTSE index (the "Index") vest in FTSE International Limited ("FTSE"). Aviva Investors UK Listed Equity Income Fund has been developed solely by Aviva Investors UK Fund Services Limited. Any FTSE Index is calculated by FTSE or its agent.
