

KEY INVESTOR INFORMATION

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Aviva Investors US Dollar Liquidity Fund, Class 4, Income shares, USD, a sub-fund of the Aviva Investors Liquidity Funds plc (ISIN: IE00BJX8L224). The Fund is managed by Aviva Investors Luxembourg S.A.

OBJECTIVES AND INVESTMENT POLICY

The investment objective of the Fund is to offer returns in line with money market rates and preserve the value of the investment. The performance of the Fund will be benchmarked against the Secured Overnight Financing Rate (SOFR).

The Fund is an LVNAV Short Term Money Market Fund. The Fund is actively managed and its investments will include fixed or floating rate instruments including but not limited to commercial paper, term deposits, floating rate notes, certificates of deposit, freely transferable promissory notes, debentures, asset-backed securities and bonds. These can be issued or guaranteed as to principal or interest by sovereign governments, their agencies and instrumentalities, supranational entities and US and non-US corporations and financial institutions. These investments can be issued from markets around the world but will be priced in US Dollars. The Fund may invest up to 10% of its Net Asset Value in other Short Term Money Market Funds. The Fund may also hold ancillary liquid assets such as bank deposits. The Fund's investments will have an average weighted maturity of 60 days or less. The maximum residual maturity until legal redemption of investments will be 397 days.

The Investment Manager intends to manage the Fund according to its classification as a Short Term Money Market Fund and the restrictions imposed by recognized rating agencies in order to maintain an overall credit rating of AAA which may include where applicable ensuring that the Fund's investments may have such ratings as may be required from time to time by the relevant rating agency to maintain the credit rating, or if unrated, be deemed to be of comparable quality by the Investment Manager.

The Fund promotes environmental and social characteristics however does not have a sustainable investment objective. To be eligible for investment, all investment that are selected as part of the Investment Manager's ESG analysis must follow good governance practices and not be excluded by the Investment Manager's ESG Baseline Exclusions Policy or other issuer screening criteria. It may however not be possible to perform ESG analysis on investments used for

hedging and efficient portfolio management purposes. The Investment Manager integrates qualitative and quantitative data on adverse sustainability impacts into its investment processes. The ESG analysis and considerations described are incorporated into the investment process but may not always have a material impact on investments in the Fund. Further information regarding how the Investment Manager integrates ESG into its investment approach (including information on its ESG Baseline Exclusions Policy) and how it engages with companies is available in the Prospectus and on the Manager's website at www.avivainvestors.com

You can buy and sell shares on any day that US bond markets are open for business.

This is an income share class and any distributions from the Fund will be paid to you.

For full investment objectives and policy details please refer to the Prospectus.

RISK AND REWARD PROFILE

Lower risk

Typically lower rewards

This indicator is based on historical data, calculated using European Union rules, and may not be a reliable indication of the future risk profile of the Fund.

The risk and reward category shown is not guaranteed to remain unchanged and may change over time. The lowest category does not mean 'risk free'.

The value of investments and the income from them will change over time.

Liquidity risk: represent the risk that a position in a portfolio cannot be sold, liquidated, or closed out at limited cost in an adequately short timeframe, and the ability of the Fund to comply with the arrangements described in the scheme documents to effect the sale and redemption of units is thereby compromised.

Credit risk: represents the risk associated with an issuer's sudden downgrading of its signature's quality or its default.

Sustainability risk: This risk is any environmental social or governance event or condition that could impact the value of investments. The Investment Manager primarily relies on its in-house ESG analysis and climate risk indicators to categorise the potential level of Sustainability risks in each Fund. The level of sustainability risk may fluctuate depending on which investment opportunities the Investment Manager identifies. This means that the Fund is exposed to Sustainability Risk which may impact the value of investments over the long term.

Operational risk: Human error or process/system failures, internally or at our service providers, could create losses for the Fund.

Counterparty risk: The Fund could lose money if an entity with which it does business becomes unwilling or is unable to meet its obligations to the Fund.

The Fund has been allocated a risk number based on the historic volatility of its

share price or where insufficient information is available appropriate asset classes.

The Fund invests in money market instruments such as short term bank debt, the market prices/value of which can rise as well as fall on a daily basis. Their values are affected by changes in interest rates, inflation and any decline in creditworthiness of the issuer.

This is not a guaranteed investment, an investment in a Money Market Fund is different from an investment in deposits and can fluctuate in price meaning you may not get back the original amount you invested. This investment does not rely on external support for guaranteeing liquidity or stabilising the NAV per unit or share. The risk of loss of the principal is to be borne by the investor.

Full information on the risks applicable to the Fund is detailed in the Prospectus.
